

Learning together...

Curriculum Area: Mathematics

Recommended for: 2 years plus

Learning Activity: Scooping and pouring

Big Idea:

How can we measure?

What to do:

Fun time for bath time (If you do not have a bath use a shower). Fill the bath with water and add a range of different containers. Encourage your child to scoop, pour and transfer the water by using the containers.

(Please ensure you supervise your child at all times)

Benefits:

- Developing fine motor skills
- Hand eye coordination
- Early math skills such as volume and capacity

Links to Early Years Learning Framework

Outcome 4: Children are confident and involved learners

- Children develop dispositions for learning such as curiosity, cooperation, confidence, creativity, commitment, enthusiasm, persistence, imagination and reflexivity.
- Children develop a range of skills and processes such as problem solving, enquiry, experimentation, hypothesising, researching and investigating.
