

*Learning together...*

**Curriculum Area: STEAM**

**Recommended for: 2 years plus**

**Learning Activity: Nature Walk**

## Big Idea :

How our senses help us find out about our world

## What to do:

Wrap up warm and go out for a walk with your child(ren), talk to your child about the things you can see around you. Point to and name things you see, collect some treasures from the floor and take them home with you. Back at home look at your treasures and name them.

## Benefits:

- Emotional support
- Time together
- Healthy lifestyle
- Developing sight and eye muscles
- Learning new vocabulary
- Gross motor development
- Fostering awe and wonder while developing questioning and recall

## Early Years Learning Framework Learning Outcomes:

Outcome 1: Children have a strong sense of identity

Outcome 3: Children have a strong sense of wellbeing
